To  
The Director (TW),  
A & N Administration,  
Port Blair

Sub: - To provide water supply and Electric connections to the newly constructed quarters and one Guard room at Strait Island - Reg.

Sir,

The SDPO Havelock has informed that the LOP is functioning in a Type-I quarter having two rooms, one room is being used as Rest room for guard personnel while another room is used for keeping Arms & Ammunition and stores.

Further, it is mentioned that the newly constructed 06 Type-III quarters, one Type-II and one Guard room are completed by APWD at Strait Island and handed over to AAJVS on 12-10-2012, but no water supply and electric connections to these newly constructed quarters and one Guard room have been provided yet.

It is, requested that the matter for providing water supply and electric connection to the newly constructed quarters and one Guard room at Strait Island may kindly be taken up with concerned authority, so that the LOP guard can be shifted to the newly constructed building at the earliest.

Yours faithfully,

**Superintendent of Police (HQ)**  
**Police Headquarters.**
