

384

iii)	APWD shall take up the repair works of Shompen Sarai at Campbell Bay on priority basis and estimates, if any required be got sanctioned by the Department of Tribal Welfare	APWD to submit necessary estimates for repair of Shompen Sarai, Campbell Bay. <i>th</i>	Assistant Engineer (Works) shall submit <i>submit</i> estimates received from EE, Campbell Bay for renovation of Shompen sarai for obtaining AA <i>AA</i> and EG <i>EG</i> . <i>swen</i>
iv)	As no contact had so far been established with the Shompens living in the North Wern Part of Great Nicobar Island between Dugmar and Alexandria for extending the health coverage and providing other relief measures, it was felt necessary that a temporary hut using the local material if constructed would be a great help in accessing the Shompens living in that area for the above purposes in fair weather. It was therefore decided that a temporary structure be constructed in the Northern part of GNI between Alexandria and Dugmar for providing health coverage by the medical team to be deputed	Tribal Welfare Officer, Campbell Bay asked to trek to Northern Great Nicobar island for establishment with Shompens	The issue may be taken up depending upon favourable weather ✓
v)	As regards construction of the approach road to the new Chingneh village from the North South Road, it was decided that the clearance received from the Central Government under the Forest (Conservation), Act, 1980 be conveyed to APWD with the request to construct the road at the earliest for the use of the Shompen tribe	Forest clearance to be conveyed to APWD for further necessary action.	<i>was requested</i> APWD may immediately take action on c/o road to new Chingneh village <i>to complete the construction of road to New Chingneh village on N-S Road for which the clearance of the GOI, MoEF & CC had already been conveyed to APWD long back.</i>
