Sub: - House for Andamanese tribal at Strait Island , reg:-

Sir,

I am an Andamanese, presently residing at Strait Island in a temporary house by myself. The said house is close to the sea shore, and hence there is extreme danger in case of high tide or Tsunami.

I am married and have family residing in the same house. Therefore, I require a house like other personnel of my community, who were provided a house by the government.

So, it is requested to your goodself that, a house be provided urgently, for safety of me and my family at Strait Island.

Thanking you,

Place: Strait Island

Yours truly

Sardha Devi
