

4) Rep. of Superintending Engineer Electricity submitted that one of the works for which advances were made had been completed whereas two other works were in varying stage of progress. However atleast one of these was held up since atleast two years for want of appropriate sailing to Dugong Creek. Rep. of S.E Electricity was requested to co-ordinate with Director (Shipping Services) in this regard, complete the work expeditiously and submit final account/ utilisation statement.

Action : S.E. Electricity / D.S.S.

5) It was decided that Director (TW) will review the situation around 21st of March and brief Chief Secretary around 25th of March. A review meeting may be held under the Chairmanship of Chief Secretary in 1st week of April. All concerned were directed to make all efforts to settle accounts by the time.
