

As Executive Secretary, AAJVS self felt that one vehicle is urgently required to be stationed at Middle Strait for the smooth functioning of welfare activities of ATR road jarawas. AAJVS is liaised with Police Department so that Mini truck of AAJVS which is now at Kadamtala Middle Andaman being used by Police Personnel can be deployed at Middle Strait of South Andaman. However one Jeep can be taken on hire basis replacing the old Mini truck of AAJVS.

Further to stop unwanted interactions of Tirur jarawas with people of nearby villages one field / site office (Type-II quarter size) cum residence should function in between Collinpur village and Tirur village. In this connection self is discussing with Panchayat of the locality and village elders about suitable site of the office. After that we can request DC South Andaman to allot land for the same.

However for the time being one rented house at suitable location can serve the purpose.

Pl. take action to condemn the old vehicles & buy replacement.
