Sir,

I am to inform you that the Jarawas of Potatang and R.K. Nalha, are demanding one each Aluminium Degchi. for boiling the wild bore during their proposed visit to Radbahu area (western - coast of the South Andaman.) during the first week of May 2010.

It is therefore proposed that we may issue them Two (02 Nos.) of Aluminium Degchi at least. Wgms. Capt. at the earliest - to encourage them to maintain their traditional life style.

Thanking you.

Yours faithfully.

Dr. Rajwanshi Das.
