

Refer: Page 80-81/C.

These are two applications submitted by Smti. Kobo and Smti. Rangae, both belonging to the Great Andamanese tribal community for appointment in AAJVS at Strait Island.

The applicants had stated in their applications that they want to be self reliant and stop the dole system once and for all, which is a good sign to stop the dependency syndrome, which we have been deliberating since long.

The minutes of Secretary (TW) recorded on the letter is reproduced as under:-

"Pl consider her case by shifting the present incumbent to some other place".

Both the above applicants are eight passed candidates and are in search of jobs. AAJVS being the trustee of the tribes is the first Organization which needs to come forward and help the tribes to be self reliant. There are many other Great Andamanese who are employed in various departments like Police, Marine, Electricity, Education, Social Welfare, AAJVS and Health. These two had applied for job in different departments since long but were not provided one.

It is therefore proposed that they may be engaged by AAJVS on contract basis till they get a regular job in A&N Administration. They may be engaged as Mazdoors and posted at Strait Island on a monthly consolidated salary of Rs.3000/- on the same terms and conditions as is being implemented for engagement of other Officials in AAJVS on contract basis. Once, they are appointed a Strait Island, the Group D male employee of AAJVS may be posted at vacant positions.
