

To,

The Development Commissioner
A&N Administration
Port Blair

Sub: Request for employment-reg.
Sir,

With due respect, I am to humbly submit that I belong to the Great Andamanese primitive tribal community. I am an unemployed youth, whereas many of my community members are employed and self sufficient. My parents are unable to provide me necessary assistance as there are four more members in my family younger to me. Due to increase in cost of every things which are minimum basic requirements, my parents are unable to provide. I had submitted an application earlier, copy enclosed but no action was taken yet please.

Sir, I want to help my parents in their old age as well as to help my younger brothers. It is requested to kindly provide me some employment in any of the departments in A&N Administration including Agriculture, Forest, Animal Husbandry etc.

Prior to Tsumani, the Agriculture Department used to post a Group "D" staff at Strait island for maintenance of plantation. I may be appointed for the above post and posted at Strait island please. I am enclosing a copy of my students transfer certificate for your kind perusal please.

Your kind assistance is eagerly awaited for which me and my community shall ever be grateful to your goodself please.

Thanking you,

Yours faithfully

Ellage
