

Further it was directed that the muster roll payment of Great Andamanese be drawn after calculating the average payment made last year each month. This amount would be handed over to the In-charge Police wireless as an advance and any plus or minus would be settled in the next month. The In-charge Police wireless would send the attendance of engagement by 28th of every month. A committee should be constituted involving the Chief of Andamanese, one more Great Andamanese and the In-charge Police Wireless. The committee would certify the muster roll and submit the same to AAJVS. AAJVS would obtain advance approval from the Secretary (TW) for payment of muster roll for 11 months. The muster roll for 12th month shall be processed with details of previous 11 month and put up to the Secretary (TW).

Submitted for approval please.
