If admitted { Date of admission 2/5/2010
Date of discharge Referred to G.B.P.H. on 2/6/2010

Date and hour of report sent to police

Space for particulars as to further reference to the case — date of giving evidence in the Court of dispatch of articles to contain poison.

PARTICULARS OF INJURIES OR SYMPTOMS, IN CASE OF POISONING

H/O Road traffic accident at Baratang around 3:30 PM
Patient brought to PHC at 5:35 PM by APJS staff.

O/E: Child is drowsy

H/O 3 episode of vomiting before arriving to PHC. 1 episode of vomiting at PHC at 5:40 PM.

No H/O any seizure activity or ENT bleed

Nature of injury can't be given because case requires urgent counsel at head & specialist review by Surgical specialist

After going through the medical records at G.B.P.H. produced before me by Baratang police following injuries are recorded ① Fracture of right temporal bone

② Scalp haematoma over Rt temporo-parietal region

As per my opinion injury no. ② i.e. fracture of rt. temporal bone

is GRIEVOUS in nature. & injury ① is simple in nature
