Sub: - Replacement and strengthening of baily bridge over BD Nallah.

Sir,

The Steel bridge installed over B.D.Nallah on NH-223(ATR) at KM 88.00 between Jirkatang -II and Middle Strait Jetty is very old and is to be replaced with a new one for smooth flow of vehicular traffic in order to avoid any untowards incident. Work order has already been issued to carryout the work. Road diversion is not feasible at site during execution of work. Therefore, it is requested to kindly issue notice to general public and official concerned for closing of traffic over this bridge from 29th November 2010 for a period of 7 days approximately or till completion of work.

An early action is requested.

Yours faithfully

Superintending Engineer (Plg)
