Para No.	60-
----------	-----

May please refer: para 62/N

(63)

This is a note regarding complaint by the six landowners from Jirkatang no.2 against the Jarawas. They have complained that the Jarawas damaged and destructed their plantation crops like coconut, banana and areca net etc. — 88/C

(64)

In this regard this office has been issued a memo to Dr. Bisweswar Das, Social Worker, AAJVS, Jingha Nallah and Tirur area for submit detailed factual report on the above mentioned incident. (copy placed at page 85/C for kind perusal please.)

(65)

As per the report of Social Worker, Jingha Nallah and Tirur area dated 17/12/2010 he has enquired the matter in field on 11/12/2010 and found that nobody is residing in the plantation and the landowners are residing at Nayapuram, Wimberlygunj. The complaint totally baseless, AAJVS field staffs performed their duty at the ATR in different locations. Social Worker, AAJVS did not receive any complaint from landowners except Shri C. Moideen since August 2010. So, it is very difficult to say any degree of reliability that the damages was made by the Jarawas only. (copy placed at page 83/C & 84/C for kind perusal please.)

(66)

It is presumed that the local people dwelling in nearby area might have plundered the crops as the land is occupied and it is easy to blame the Jarawas, so this complaint.

(67)

Submitted for kind information please.
