Panchayat. Regd.

Ref:- Memorandum No. 11-31/AATVS/2010/77 dt. 2nd May 2011.

Sir,
Kindly refer the above mentioned subject, I would like to mention here the factual position/report on the issue, that Sir,

- Jarawas are visiting the particular nontribals houses to whom they have intimate relation since long back.
- Snatching of clothes, utensils etc. from the houses of nontribals by the Jarawa, never reported.
- Clothes, food items, ornaments were supplied to the Jarawa by the particular family to receive the forest produce and crab from the Jarawa, they provoke the Jarawa to visit their plantation for Banana and Jackfruits.

At the present span of time the practice of visiting the nontribal houses, plantation, by the Jarawa is restricted, and they are motivated to cultivate their traditional food practices, etc.

Submitted Pls.

Yours faithfully,
