Vol. XXX Daily, Wednesday, November 07, 2012 No. 234

The funniest thing in the world is the Tribal policy of A & N Administration perhaps rubbish

It is the funniest thing and perhaps the most foolish policy in the world is the Tribal Policy of A & N Islands laid down by the Administrator and their advisors. The people who are highly educated, Govt. employed, leading a civilized life style, better than the other states people are declared as tribals and the Islands where they are living are declared as Tribal Areas. The entry into these areas are denied for others, except the Govt. servants. Bangalsh citizens, are not restricted to enter into these areas, as they are the vote Banks of the Congress and BJP parties.

But the aboriginal, who had inhabited the land since the earliest times, like shompen, jarawas, ongies, Great Andamaneese are visible to everyone even a foreign tourist can enter into reserved area of these aboriginal except sentinels as they are still with their anger and rudeness. Anyone can acquitted with these people as there is no restriction laid down to enter on to these areas.

Alcohol is prohibited in the tribal area, the alcohol means FL only. But country arrack and toddy can be derived, by these tribal's. And there is no restrictions to go to any bars in non tribal areas to consume alcohol as much they need. If alcohol will spoil their life, and because of this prohibition was ordered in Tribal area how they are allowed to get the same in non tribal areas?

But in this areas of aboriginal, there is prohibition if such kind. In Campbell Bay where shompenis are living Bars are there in little Andaman where the ongies were settled, and the Nicobaris also settled, Bars are open to all.

The aboriginal once, who are attacking the out sider are now begging, by shown their belly and are addicted to alcohol and Tobacco.

It is the fact, that is happening here, and the policy makers are enjoying the benefits, for declaring the majority Islands of Nicobar district, as Tribal Area, because of the intervention of congress party to secure this as their Vote Bank area.

Communication

"It is very important to make certain that our conversation is pleasing; it will be if with everyone we are humble, patient, respectful, cordial, gracious and yielding in all things permissible".
