

This is to mention that we had deployed two of our AAJVS vehicles Viz. AN 01 A 8380 Mahindra Commander MM 950 DP Jeep and AN 01 A 8395, Maruti Gypsy with the composite team no: II at Potatang area who are now under going the 3rd phase of Jarawa study.

The copy of order for deployment of the above-mentioned vehicles with the drivers is placed at page 36/C for reference please.

In this connection it is to say that we have to arrange for the supply of POL for both these vehicles at Potatang. During the last phase the team members had faced difficulties due to lack of POL. Therefore, it is proposed that we may place indent to the APWD for supply of one drum Petrol and one drum diesel. Further we may also provide 2 hose pipe of 1" diameter for pouring POL from the drum to the oil tank. These items may be placed under the disposal.

The Director (TW), A&N Administration, is the competent authority to approve the above proposal. Subject to approval, draft letter addressed to APWD is added for sign please.

Submitted for approval please.
