Dear Sri.Awardi,

I understand from Prof.Indira Chakravarty, that in the third phase of Jarwa's survey, AIIH&PH, Kolkata has no role in the actual field survey, except for pre survey training which was done by me, and the actual survey was done by the deptt. of Health & Family Welfare, A&N Administration. For Survey as such, AIIH&PH had no responsibilities.

We helped in data analysis and table generations but the responsibility of the report, to be finalised and submitted was with the Health Department of A&N.

The Report of Diet survey before finalisation was given, to AIIH&PH, Kolkata on 21.11.2002, which was checked and sent back by me by FAX to Dr. Tulsidasan, on 22.11.2002.

A copy of the report, as submitted by Dr. Tulsidasan, may please be sent to Prof. Indira Chakravarty, who as a member, may like to take a look of it.

With regards,

(Prof. R.K.Sinha)
