

2. Construction of stalls

It was decided that the APWD will construct the following from its own funds:-

- (a) Approximately 50 temporary stalls including 10 food stalls of the size of 20x 20'
- (b) Construction and decoration of the stage of 50'x 30'.
- (c) Construction of toilets 2 each for men and women with provision of water
- (d) Erection of a welcome arch
- (e) Erection of hoardings
- (f) Power cabling in all stalls, stage and toilets with provision of plugs etc.
- (g) Earth filling/leveling, drainage and road repairs wherever required.
- (h) Provision of drinking water.

Shri RK Ghosh, Chief Engineer, APWD stated that there is shortage of fund with APWD and the IP Division may provide some funds for the PIC. The Commissioner-cum-Secretary (IP) said that the APWD has been undertaking similar jobs in the previous PICs and it can ask for additional funds. But in the immediate course APWD has to undertake the work from its own fund. The shortage of funds with APWD can be reappropriated later on from the surplus funds, if any, available with IP Division. APWD may submit the estimate at the earliest.

(Action : APWD)

3. Power Supply

It was decided that the Electricity Department will provide power supply at the venue including a standby generator on payment by PIB.

(Action : SE, Electricity, PIB)

4. Cultural Programmes

It was decided that a Committee consisting of representatives of Education Department, SA&C, AIR, DDK, NYK and PRIs will be formed to chalk out suitable programmes in consultation with PIB. Shri Nagen Halder, Pramukh, Panchayat Samiti desired that the local artists should also be given opportunity to perform at the PIC. The commissioner-cum-Secretary (IP) agreed to the suggestion and directed that PIB and SAC may take an appropriate action in this regard.

(Action : Education Dept. SA& C, AIR, DDK, NYK, PIB and PRIs)
