The AASIS office building has only two rooms and a store room to accommodate E.S., 'group i' and 'i' staff, furnitures and office records. Presently the space is not sufficient to meet the day to day requirements.

(6)

With the manifold increase in tribal welfare activities it would be difficult to manage office & matters in this small buildings.

(7)

We have enough space to construct a new building at the Adibasera with a guest house, office rooms and a store room under one roof. The land available at the plant and back side of Adibasera can be economically used to construct a double storied complex which would fulfill all future demands of the Samiti.
