

contractor and his labourers.

For lack of a separate order or clause or sub clause under ANPAT regulation 1956 for the APND workers to carry out construction and maintenance work for APND in tribal area, we stand undecided to allow them to enter the tribal area even in some cases where works are immediately to be carried out such as cleaning and maintenance of talipad and footpath and supply of pure drinking water through pump set etc; and it is noteworthy that these are not one time work. If they do wait till obtaining of licence, the works to be completed within the stipulated time ~~period~~ frame are sure to be adversely affected.

The necessary action may kindly be taken at your end for a stop gap solution till any concrete solution comes up.

Thanking You

Yours faithfully

Dr. PRONOB KUMAR SIRCAR
