To,

The Director of Health Services  
A&N Administration  
Port Blair.

Sub: Construction of gate and fixing of net in special ward-reg.

Sir,

I am to say a small wooden gate is urgently required to be constructed in the special ward, G. B. Pant Hospital, Port Blair to prevent unauthorized entry into the ward.

Secondly, it is seen that the tribal children often peep out of the railing in the first floor, which is highly dangerous and may be fatal. Quite often, they throw waste items to the ground floor throw the railing. To avoid both the above issues to be repeated in future in the safety, welfare and good health management of the tribes, it is requested that mesh / net may be fixed on the railing.

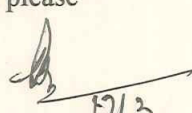

Since, civil and electrical works are presently undertaken in the ward, both the above works may be also being done simultaneously. It is therefore requested to kindly take up the matter with APWD authorities to execute the same. It is also requested to kindly allot two rooms of the ground floor for the hospitalization of tribal patients as requested vide this Office letter no: 689 dated 27/2/2008

Yours faithfully
