(Masters & Bachelors....

Further he told that the curriculum of BCA includes foundation/Introductory courses in English for computing, Humanities, Social Sciences and Technology. It is expected that with this background of foundation courses in a somewhat broad range of areas, a student would be in a better position to make effective use of the technical knowledge and skills that he acquires in the courses, which are specifically related to computer topics. Some of the computer science related courses covered in BCA include topics like Computer Fundamentals, Data Structure using 'C' Graphical Use Interface, Data Base Management System and Computer Organization.

Another feature of the BCA Programme is the addressing of the current topics such as Windows, Multimedia, Object – Oriented Programming, Internet and Intranet related topics. It is expected that a student pursuing the BCA programme would find himself exposed to broad based education expected at the undergraduate level, together with a reasonable employment potential in the emerging job markets of the future. The eligibility for joining BCA programme is 10+2 with Mathematics as a distinct subject or 10+2 without Mathematics will have to register for both MTE-03 and CIC alongwith 1st year of BCA. Such students will have to successfully complete CIC and MTE-03 before registering for the 3rd semester of the BCA programme. He also said that students who have done their 3 year Diploma programme are also eligible to go for BCA programme in IGNOU. The last date for submission of filled-in application forms is 15th July 2008.

(West Bengal, Orissa,....

receding with discharge from Subarnarekha and other reservoirs reduced, four army teams were engaged in rescue operations in the worst-hit areas as IAF helicopters made sorties to air-drop food packets, water pouches and medicines.

Chief Minister Buddhadeb Bhattacharjee, who held a review meeting at Kolaghat in East Midnapore district, described the situation as 'very bad'. The West Bengal government was also making special arrangements to bring back over 5,000 tourists stranded in Puri following disruption in train services.

A woman was killed and three others were injured in a landslide triggered by heavy overnight rains in Guwahati even as worst-hit Lakhimpur district, where 22 people have died, continued to reel under flood waters. The continuous showers submerged most areas of the city with four to five feet high water entering houses, while the two main arterial roads — GNB Road and G S Road — were under knee to waist deep water. Meanwhile, the Orissa government has sought more choppers from the defence ministry to step up relief operation in inaccessible areas.

(APWD Contractor cheats....

and Police officials posted at Strait Island this contractor has lifted the entire quantity of fresh Sea Sand from the shore of Strait Island for the said construction work, which is 90 percent completed.

The act of contractor and all other Government officials amount a big fraud causing natural weakness in the RCC structure due to use of fresh Sea sand having content of salt.

According to construction norms, about 30% expenditure is required on the pulverized sand which means 60 Lakhs are saved by the contractor at one hand and the durability of the building reduced by 50% of the normal life on the other hand. Thus being earth quake zone area such defective construction may harm the lives of innocent tribes who would be residing therein. Is this the way of preserving the Great Andamanese Tribes, who were the actual resid-ents of these remote archipe-lago?
