Para
No.

(17)

Inspected the Relief Camp for Andamanese at Adibasera, Port Blair alongwith Executive Secretary, AAJVS and Research Officer (TW) today. Reviewed the functioning of the relief camp and discussed with the inmates. The details of the requirements were worked out during the visit. Executive Secretary, AAJVS shall put up in the file separately for the approval etc.

(18)

It was felt necessary to assign the essential tasks to group of Andamanese themselves. Such tasks may include (i) cooking for the camp (ii) maintaining the cleanliness and (iii) liaisoning with the concerned Departments. This will keep them engaged in some positive activities useful for their own camp and detract them from other undesirable activities in the camp as well as out side the camp. The composition of each team was discussed in the presence of Shri Jirake, Andamanese Chief and other Andamanese. Executive Secretary, AAJVS shall issue a order constituting each team as discussed.

(19)

The matter was discussed with Shri Jirake and other Andamanese who were of the opinion that new Settlement should be established on the high ground on Strait Island itself and nowhere else. They prefer to go back to Strait Island keeping in view the availability of natural resources including wild pig, honey etc in the nearby Islands.

(20)

It was agreed that a team of Andamanese will accompany the officers of the Administration to visit Strait Island soon to identify the location for the new Settlement, water source and also to discuss about the design of the houses etc. The team was suggested to comprise of the following.

- | | |
|------------------|-----------------|
| (i) Shri Jirake | (iv) Shri Joe |
| (ii) Shri Pege. | (v) Smti Leechu |
| (iii) Shri Looke | (vi) Smti Noe |

Submitted for perusal.
