	Para No.	<div>-1246-</div>
		<p style="text-align: right;"><u>F.No. 3-9/AAJVS/TW/05</u></p>
	178	<p>May please peruse notes from Para 170/N onwards. It is regarding the permanent houses for Andamanese at Strait Island. As decided in the meeting held in the chamber of Secretary (TW) earlier the matter was discussed by the Director (TW) with the team from the Ministry of Urban Development who are presently on tour to A & N Islands in connection with the permanent shelter for Tsunami affected people here.</p>
	179	<p>Matter came up for discussion in the meeting held at Car Nicobar during the visit of Lt. Governor & Chief Secretary on 10/07/05. Director in the Ministry of Urban Development mentioned that permanent houses for Andamanese can also be provided for which design of the houses are to be finalized.</p>
	180	<p>Some Andamanese who are presently in the town were called to discuss about the design of the houses for them. It was suggested by them that the matter may be discussed with all Andamanese at Strait Island.</p>
	181	<p>As such the Director (TW), Engineers of A.P.W.D. and Electricity may have to go to Strait Island urgently to discuss the issue with the Andamanese, keeping in view the fact that permanent shelters for all other Tsunami affected people are being provided in these Islands. So Andamanese may also get permanent shelters simultaneously.</p>
