This is a signal no: 110/55 dated 19.10.2005 sent by the Social Worker. It is mentioned vide the above signal that "Onges are demanding street light to be provided along with the newly constructed footpath from old settlement to new settlement. They also demanded approach footpath to their hut from main footpath. Two nos. of hand pump required to be fitted in both the drinking water wells for smooth collection of water for drinking, washing & bathing as suggested by the chief of Onges. Request to do the needful please".

252

In the light of the above signal considering the demands of the Onges, we may request <sup>the Secretary and</sup> Andaman Public Works Department to do the needful immediately please.
