

The short fall of quota to the extent of 4 posts in Group 'D' is due to replacement of 'vacancy based' Roster by the 'Post based' Roster as per GOI's OM dated 29-8-1997. Presently there is no vacancy available for filling up the quota under reservation category. The quota is proposed to be adjusted against future vacancies in the respective trades.

On finalisation of 'Post based' Roster it has been noticed that there is excess appointment of ST candidates in certain category of Group 'C' posts to the extent of a total of 20 posts. This excess appointment, however, has not been included in the posts shown as filled by ST candidates. Thus in the Group 'C' category, overall, the posts filled is excess by 3 posts.
