Summary of recommendations contained in Third Report of National Commission for Scheduled Castes and Scheduled Tribes for the period ending 1994-95 and 1995-96 and action to be taken thereon relating to educational development of these communities.

Number	Recommendations	ATR by the <u>Bureau</u> EE
3.2 DHS DE D(SW)	The linkages between schools, anganwadis and health care programmes and facilities should be established. Anganwadis, if located next to the schools can function as creche and also after-care centre for school going children. Such a support system will also enable women to leave siblings and school going children while going for work. It will help increase enrolment and also reduce the incidence of drop-out.	EE
3.4(i) LE	Primary schools should be opened on priority in tribal areas to provide facility in each village. The construction of school buildings should be undertaken on a priority basis from the normal funds under Education Sector, besides funds under the Jawahar Rozgar Yojana, Tribal Welfare Schemes, etc.	EE
3.4(iv) DE DSW	Incentive schemes may be formulated for the SCs/STs keeping in view their special needs and life-style. In order to help SC/ST parents to send children to school, social support system at school, work-sites and other places need to be provided by way of creches and after-care centres for school going children, etc.	EE
3.8 DE	Area based planning approach should be followed in order to ensure that no tribal habitation/SC concentrated areas is left without schools, school building, teachers and the minimum facilities envisaged under Operation Blackboard by the end of Ninth Five Year Plan. For this, micro-planning should be done by the District Education Officers in collaboration with Project Officers of ITDAs in ITDP areas and in collaboration with District SC/ST welfare officers in non-ITDP areas.	EE
3.10 DE	All SC and ST villages/hamlets with 30 or more children in the age group of 6-11 years which do not have schools should be identified and primary schools may be opened in such villages/hamlets during the next five years. In the meantime children should be sent to Ashram Schools/Hostels.	EE
