Sir,

This is the reference to your wireless message dated 19.03.2000 regarding bad quality of banana kept at Middle Strait on 19.03.2000 for supplying to Jarawas.

In respect of the bad quality of banana which were found at Middle Strait during your visit on 19.03.2000. A enquiry was conducted on the subject and found that some quantity of banana become damaged because the same were received 3-4 days earlier from Kadamtala. However, the bill against supply of the said banana has not paid to the supplier. The system for sending banana from Kadamtala has also stopped from that date onwards and arrangements have been made to send required quantity of banana from Ograbraj to Middle Strait.

Yours faithfully,
