

20. Dish antenna is not working in South Bay. ES, AAJVS shall arrange to get it repaired quickly.

Action by ES, AAJVS

21. Medical Officer(Onge) shall visit frequently and periodically to South Bay and shall maintain Medical History Register on each of the Onge in South Bay.

Action by Medical Officer, D/Creek.

22. Sign boards erected at South Bay and other places are rusted and damaged. New sign boards are to be erected at the places required.

Action by ES, AAJVS / Social Worker.

HARMINDER BAY NICOBARE SETTLEMENT

23. The Nicobarese Captains and other people demanded for street lights in the Harminder Bay and John Richardson Bay tribal villages. The A.E Electricity mentioned that the department can provide street lights, if energy charges are borne by the concerned. Nicobarese of Hut Bay also have a Tribal Council like in the Nicobars District. The A&N Islands (Panchayat) Regulation is not applicable in the tribal areas. The traditional Tribal Councils functioning in the tribal area could be considered in par with the Panchayati Raj Institution elsewhere in the UT. The Tribal Councils like Panchayats can meet the expenditure towards the street light and the other civic amenities out of the Grant-in-Aid that they could be provided by A&N Administration. The matter needs examination and policy decision.

Action by Research Officer (TW), Director (TW)

24. Anganwadi at Harminder Bay does not have electricity. A.E Electricity said that concerned Department may apply for power connection. The Director (SW) shall take required action.

Action by Director (SW)
