

needing intensive care will be brought to the hospital but they will be kept in separate enclosures. Appropriate food will be provided instead of the hospital meals. Whenever female Jarawas come or are brought to hospital, female Police will be posted invariably.

- (b) Medical intervention among the Jarawas, i.e., the line of treatment, use of drugs and medicines will be only on the basis of advice of experts in the relevant fields and shall be administered only when found absolutely necessary.
- (c) Medical assistance to Jarawas will be extended in their reserve area by qualified health officials as far as feasible so that all the advantages of such in-situ treatment are available to the Jarawas. Jarawa patients will be shifted to hospital only if in-situ treatment is not possible or not felt adequate to save the patient.
- (d) The traditional knowledge of Jarawas including ethno-medicine, shall be preserved and documented.
- (e) Diagnostic approach, treatment regimen and prescription of drugs in case of common pattern of diseases observed amongst the Jarawas shall be standardized and documented so that experimentation by individual doctors and conflicting assessments can be avoided.
- (f) Periodic nutritional and food security surveys shall be conducted to ensure that there is adequate provision of food resources to the Jarawas and that there is no fall in nutritional standards.
