

(d) To prevent their mixing with local population and to this end we have teams of social workers and police who take them to staging huts in their area when they come out give them food items and send them back to their habitat.

(e) To extend medical assistance and treatment to Jarawas.

Submitted please.

(Comp. File : Note-Apr2k1)

Ref: Office notes at paras 26-32/n.

I think that the issues / points raised in the instant complaint (PUC) are different from those received earlier from the National Human Rights Commission (Please refer to report dated 19.4.2001 of Executive Secretary, AAJVS at page 20/c).

(33)

None of the points appear to be common between the two complaints. Therefore, we may identify the issues brought out in the instant complaint and call for specific report from Executive Secretary, AAJVS, if approved.
