The Director (TW) suggested that one Jeep may be hired for dropping and picking up the survey team from their temporary residence at Bakultala to the duty place & back, through the Tehsildar Rangat, and the bill may be raised against the Executive Secretary, AAJVS for early payment through the DC (A). DC (A) desired that the possibility may be examined.

(Action: AC (S), ~~Tals~~ (Rgt), ES, AAJVS)

The I/c, Ferrargunj survey team stated that only one Police personal has been provided to guard team members which is not sufficient because jungle clearance as well as measurements are done simultaneously at more than one place and as such the staff is on duty on both the ends of each line. The SP (D) stated that more police personnel shall be made available to each team, immediately.

(Action: SP (D))

DC (A), Deputy Secretary (E&F) and Head of office, ASI, suggested to utilize a hand held GPS instrument, to overcome difficulty in sighting in dense forest. Accordingly, the DC (A) has requested Director Fisheries and DFO, S/A to spare their GPS and they agreed to the same.

(Action: AC (S), DFO, S/A & Dir. Fisheries)

All the team I/charge stated that more forest staff are required to clear the jungle and also to find out local passages through the Jungles to reach the main road. The Deputy Secretary (E&F) agreed & informed that necessary arrangements for labour shall be made immediately. Deputy Commissioner (A) desired that manpower & materials should be provided by the Forest Department to the Survey teams for jungle clearance, etc.

(Action: DFO Rangat, DFO SA, Dy.Secy E&F)

Deputy Commissioner (A) desired that 200 mts. belt on the western side of ATR should be strictly followed and boundary pillars should be planted, whenever required.

Deputy Commissioner (A) suggested that AC (S) may assess the requirement of boundary pillars from the survey teams and submit the proposal for procuring them. The boundary pillars shall be of the
