

It would be desirable to increase the police force in the area and to intensify the patrolling. The village youths expressed their willingness to participate in the patrolling along with the police in the area. The staff of the AAJVS posted in the Tirur area could also participate in the patrolling of the area. As such, if approved IGP could be requested to mobilize additional police force and issue instructions for patrolling.

It may be mentioned here that a Mini Truck converted into van has been provided to the Police out of the funds of the AAJVS and a Jeep also is provided on hire basis for the use of the Police for the patrolling.

Submitted for perusal and consideration.
