Date: 1.3.99

The Research Officer,
Directorate of Tribal Welfare,
Port Blair.

Sir,

Sub : Supply of Personal Computer system & Accessories.

Ref: Your tender advertisement in The Andaman Herald.

Please refer to the above tender advertisement. We are pleased to offer you the latest systems called Infiniti 2000 series which are exclusively meant for use in Corporate and Government sector for mission critical applications and future upgradability. These systems are the out come of the design breakthrough. Put to comparison against any top of the line international brands, it can be seen that these systems offer you all the International performance features and more at a price that is beyond compare. The Infiniti 2000 computers roll out of HCL's state-of-the-art ISO 9002 certified manufacturing plant at Noida. Needless to say that these products go through the most stringent of quality tests before they can earn the name "Infiniti".

With every Infiniti series product there follows the largest and most extensive direct support infrastructure facility in the nation - 143 support locations spread all over India. Besides a local support center in Port Blair, we have our dealer's engineers trained at HCL and thereby after sales support is just round the corner to keep your systems up and running.

Please find the detailed quotation for the system in the attached sheets with price and terms and conditions. A copy of ISO 9002 certification is enclosed for your information. We hope the offer will suit your requirements and we shall look forward to your valuable order.

Thanking you and looking forward to you for your valuable order and assuring you our best attention always.

Yours truly,

For HCL INFOSYSTEMS Ltd.,
