Inspection report on the rosters on reservation of posts for the STs conducted on 17.6.98

1) Name of Department : Labour Commissioner.

The post based roster both in respect of direct recruitment's and promotions have been maintained. They have small cadre posts. In other words, number of posts in a cadre is fewer than the posts required for reserving a post for the STs. However, it was found that they had earlier appointed ST candidates in respect of certain categories of posts when 100 point roster was in operation. With the switch over to post-based roster, the ST candidates appointed earlier are now in excess of the quota according to the present strength. The excess appointments of the ST candidates may be adjusted against their quota in future appointments.

Further, it was found that no post has been reserved in respect of a cadre of Vocational instructor though the present strength of the cadre is 16 posts.

2) Name of Department : Jawaharlal Nehru Rajkiya Mahavidyalaya (JNRM).

The post-based roster both for direct recruitments and promotions have been maintained. There is no shortfall in reservation quota in respect of Group 'D' posts. However, it was found that no post has been reserved for the STs in respect of a cadre of Laboratory Assistant. It was orally informed that all the posts in this cadre were filled up by general candidates when 100 point roster was in operation. The short-fall in reservation may be adjusted in future appointments.

There are certain categories of posts viz Librarian, Assistant Librarian, Library Assistant, LOC (Restorer), Music Assistant, Laboratory Technician, Audio Visual operator and LVD in which the number of posts are fewer than the posts required for reserving a post for the STs.

3) Directorate of Rural Development -Absent.

4) Directorate of Economics and Statistics -Absent.
