Andaman and Nicobar Islands as a Scheduled Caste and on that ground his transfer or deputation to these Islands cannot be stalled by a Court of law.

Considering the respective contentions of the learned Advocates and also the Constitutional Provisions and the judicial decisions cited at the Bar, I hold that since the President of India has not made any declaration in respect of any caste in the Andaman and Nicobar as a Scheduled Caste, no post in the Andaman and Nicobar Administration can be reserved and/or kept apart for any Scheduled Caste candidate, and I direct that all the posts in the Andaman and Nicobar Administration are to be filled up by the Island Administration or by the Union of India from amongst the people of Andaman and Nicobar Islands except the posts, which under the law, are to be filled up by the authorities other than the Island Administration, if there be any. Nor can the Union of India reserve any post in the Island Administration for the scheduled Caste
