My dear

Please find the enclosed copy of representation submitted to you by the Karen Baptist Christian Association, Wehi, Mayabunder, North Andaman -744204 praying for declaration of the Karen community living in Andaman Islands, as a Scheduled Tribe for the purpose of reservation in jobs and educational institutions and also for purpose of preserving their identity, culture, language etc.

The representation is detailed one and gives their ancestral history in brief about the origin of the tribe and their coming to Andaman Islands.

I shall be grateful if you will kindly look into the case and help this downtrodden community by bringing them within the purview of the Constitution as S.T.

With regards,

Yours sincerely,

(MANORANJAN BHAKTA)
