

ANDAMAN PUBLIC WORK DEPARTMENT**Action : Commissioner-cum-Secretary (PW) /Chief Engineer, APWD, Port Blair.**

Island / Place	Demand / Point Raised	Reply / Proposed Action
Chowra	About 10 PCC KM footpath is required to connect 5 villages of Chowra Island.	VLW to give details to AE for preparing the estimates. Estimates to be prepared by April end and work to be executed by BDO. Action : DC, C/N
	Police wireless station is working in the building meant for Anganwadi. PWD is yet to commence already sanctioned work of Police Dept. Similarly, estimate sanction of construction of toilet block is yet to be taken up.	Special efforts to be made by CE, APWD and DSS to ensure that the construction materials reach Southern group of Islands by April 2001. DSS will make arrangement for providing one cargo vessel during April and if required private ship owners will be asked to transport materials. Action : CE,PWD ; DSS
	Desalination plant of 20,000 Lit./day is not being put to optimum use due to inadequate power supply. Water supply line to be build <u>from desalination plant for supplying water to villagers.</u>	Power supply to be enhanced & voltage to be stepped up by SE (Power). Pipe line survey to be completed. DC (C/N) to also <u>provide some Syntax Tanks for the village under DRDA schemes.</u> Action : CE,PWD ; SE (Elect) ; DC (C/N)
Teressa	All villages at Teressa to be connected with Jetty by Block top road.	The length would be around 25 Kms. Environmental clearance would perhaps be required. Proposal to be reflected in Master Plan of roads under PMSY. Action : CE/PWD
