

		<p>Hence to increase the power supply timings and maintain it properly regularly shipping facilities will have to made available for transportation of equipment, materials, repair party and HSD oil, at least once a week to the all the following areas: -</p> <ol style="list-style-type: none"> i) From Kamorta to Champin, Tapong, Daring, Pilpilow, Kakana, Trinket. ii) From Kamorta to Chowra and Teressa iii) From Katchal to Ponda and Upper Katchal iv) From Campbell Bay to Kondul, Pillomilow, Pilopanja and Pilobhabi <p>In addition APWD will have to construct the Power House buildings and staff quarters at the earliest. In the mean time temporary accommodation shall have to be constructed through the village captains for which GI sheets, Hardware etc. will be provided by this department. Solar Lanterns will be propagated in villages having very few households, as extending O.H Lines or establishing DG power house at such isolated location would be difficult and very costly.</p> <p style="text-align: right;">(Action : DSS ; CE, PWD)</p>
