

Hut Bay	Mainland vessel going to Chennai should stop at Hut Bay.	There are only 20 to 50 passengers from Hut Bay. Stopping vessel at Hut Bay would add 16-18 hours to the Journey time and cause inconvenience to other passengers. After the new vessels arrive, they shall be scheduled in such a way, so that Hut Bay-Port Blair ship reaches Port Blair just few hours before the departure of mainland vessel. Action: DSS
	Frequency of ships between Hut Bay and Port Blair shall be enhanced.	The frequency is likely to be increased on arrival of new ships Action: DSS.
	There should be quota for cabins from Hut Bay for going to Campbell Bay/Car Nicobar.	It is not possible in view of large demand of passenger from Port Blair for going directly to Car Nicobar/Campbell Bay. Some quota for bunk seats is already there with Tehsildar, Hut Bay.
