

DIRECTORATE OF HEALTH SERVICE**Action : Director (Health), DC (C/N), AC Nancowry**

Place / Island	Demand / Point Raised	Reply / Proposed Action
Chowra	Regular visits of Doctors to Chowra Sub-centre.	AC Nancowry should arrange small boats which can halt at least 4-5 hrs., so that doctors after attending patients can return to Nancowry on the same day. DHS agreed to arrange visiting of doctor. Action : DHS/AC, Nancowry
Teressa	Generator set (5.KV) should function round the clock	MO i/c Teressa asked for 100 lit Kerosene oil. DC (CN) agreed to look into this matter. However, Medical officer was also asked to make alternate arrangement in consultation into the MO i/c Nancowry. Action : DC(C/N) ; MO (Teressa)
	Ambulance to evacuate Patients from distant villagers	Ambulance will soon be provided. Supply order is going to be placed shortly. Action : DHS
	X Ray machine provision of in the PHC Teressa	With a population of only 1500, the X ray machine if not utilised properly (at least 7-8 exposures per day) will attract fungus deposition in the lens and X-Ray machine will cease to function. Therefore, X-Ray machine is not viable at Teressa.
