

	Provision of Ultra sound	Ultrasound is a highly sophisticated machine and can only be made available after posting of a medical specialist who can handle the same.
	Improved Lab Facilities	Provision for Semi Auto analyzer is already been kept for all the CHCs during 200-2002.
	Sub-centre at Safed Balu	Provision would be kept in 10 th Five Year Plan provided Tribal Council takes the responsibility for land availability. Action : DC(C/N)
Pillomillow & Pillopanja	Regular visits for Doctors.	Doctors from Campbell Bay will visit once in a month/two month subject to availability of boats and climate. AC, Campbell Bay should arrange boats so that all departmental functionaries can visit together.
Pilopatra (Population- 15)	A sub-centre may be opened as the Island is situated in isolation surrounded by vast stretches of sea. It is 4 KMs away from Pilopanja	Sub-centre for is difficult to be established for such a small village. However, a girl of that area having passed 9 th Std. may be considered for ANM training or any boy of that area may be trained in basic need care and be posted as Male Health Worker.
Pilloullo (Population - 50)	Nearest sub-centre in Kondul is 1 hrs journey from Pilloullo	To be considered in 10 th Five Year Plan.
