

Agricultural Department

Action: Director (Agriculture) / DC (C/N)

Place / Island	Demand / Point Raised	Reply / Proposed Action
Chowra	Agricultural/Horticultural training for Islanders in areas like fertilizer application in coconut plantation, vegetable cultivation propagation of fruit plants like lime, Lemon, etc.	A class XII pass youth (Shri. Francis, S/o. Shri. Sebastin) is identified for training on agricultural skill development, who in turn would be able to teach and motivate the villagers. Action : Director (Agriculture)
Teressa	Arrange training on techniques of fertilizer application in plantation, Coconut development, vegetable cultivation and fruit cultivation. Captain mentioned about cashew orchard, which was originally developed by Agriculture Department. It is learnt that due to negligence, and yearly event of setting fire in the orchard which is a ritual tribal game, the cashew plants are in bad shape.	A Class XII pass youth (Shri. Veneces, S/o. Shri. Mathew) is identified for training on agricultural skill development. The Department is ready to develop the cashew orchard once again provided the villagers take proper step for care & maintenance of the orchard and stop setting fire. Action : Director (Agriculture)
Katchal Island	To supply of hydride seeds as well as fruit plants under Nutritional Garden Scheme at subsidized rate.	It was agreed to supply them by the department Action : Director (Agriculture)
