

Suggestion

- (i) Considering contribution / Services rendered by Late Bishop John Richardson and Late Edward Kuched, the Government Hospital may be named as BISHOP JOHN RICHARDSON HOSPITAL and Air Port at Car Nicobar as EDWARD KUCHED AIR PORT.

Point-15 Providing of Civic amenities in Car Nicobar Areas

Background:

✓ **RURAL ROADS**

- (i) Out of 15 villages in Car Nicobar, only three villages having Rural Roads
- (ii) No approach road for going to Church and Graveyard
- (iii) In Tamalu village – main road goes to Graveyard via Church about 1 km distance

✓ **INFRASTRUCTURE FOR ROADS**

- (i) Road Roller is too old – replacement necessary
- (ii) Old Jeep – AN-1694 – condemnation survey report sub-mitted.

✓ **DRINKING WATER**

- (i) Old 9 water Pump available
- (ii) Water pumps 50 –52 years old .Models are absolute, Spare parts not available
- (iii) Insufficient to meet the present requirement
- (iv) Untreated water is supplied
- (v) Public hy-drain – ½ inch connection for 60 – hundred people
- (vi) Long queue for collection of water
- (vii) Govt. quarters having pipe water line
- (viii) As per Test Report sufficient water available for supply to balance quarters .

✓ (ix) In interior village no pipe line and no well

POWER – ELECTRICAL SECTION

- (i) Maintaining of Hospitals, Schools, Guest Houses, Staff quarters , Street light etc.
- (ii) Requirement of staff – 12
- (iii) Sanctioned posts – 3
- (iv) Present position – 6

✓ **MECHANICAL SECTION**

- (i) Sanctioned posts – 46
- (ii) Available --27

ELECTRICAL CONNECTION

- (i) 253 families covering 14 villages – no house connection given
- (ii) Over head ST and LT lines passes through plantations. Due to rain and winds, leaves of the trees fall on the line, causes load-shedding. Nicobarease's sentiment – no to cut trees or its leaves / branches.

✓ **VILLAGE STREET LIGHTS**

- (i) Funds limited to meet electric charges and maintenances thereby in some pockets street lights available up to 10 PM
- (ii) 80 % houses have no electric connection

✓ **AGRICULTURE**

- (i) 730 Fruits bearing trees lost / damaged due to water stagnation in village Small Lapathi , Big Lapathi and other villages
- (ii) A good number of villages affected by soil erosion

✓ **SUPPLY OF TREATED SAWN TIMBER @ 50 % SUBSIDY**

- (i) Nicobar is on Seismic Zone No. 5 and prone to earthquake
