

Shri I B Karn, Director (ANI), MHA rang up today and wanted to know the latest status about the setting up of ^{Autonomous} Automobile Tribal Council for Nicobar Islands, which was one of the Agenda items of the last IDA meeting. The Action Taken note sent earlier is placed at Flag 'A'. There has not been any change in the status as the draft Regulation is still under study with the Nicobarese Tribal Councils and their views are still awaited. Hence, we may intimate the same position as per the draft note placed at Flag - 'B'.

Efforts to push this along have been made by the Admin. over the years with out specific response. DCL(R) has also tried.

Even dG held a meeting with the Tribal Council of Car Nic on 3/1/03 but they want more time to consult the more southernly Islands of Nancoway & beyond.
