Ref :- Dir (TW) 3 minute at paras 184-185/N above.

There is no difference in the quantum of punishment between the proposal already sent to GoI, Ministry of Home Affairs vide page 127/C and the proposal now in process. However, there is a word minimum after the words "imprisonment for a " in the former and the same needs be added after the words "imprisonment of " in the latter so that both the proposals are comparable.

Submitted please.
