hutment dwellers has been raised to 90 per cent w.e.f. April 1, 1996.

As per the scheme, the following are the benefits provided in the slum areas for the hutment dwellers:

- i) House-to-house water supply;
- ii) House-to-house drainage connection;
- iii) Full pavement of internal street;
- iv) Individual toilet;
- v) Provision of storm water drain;
- vi) Solid waste management services;
- vii) Street light, etc.

Besides the physical services, a package of community development services is also offered which includes:

- i) Primary education;
- ii) Primary health care;
- iii) Income generating activities etc.

This project is estimated to cost Rs.326 crores. A photocopy of the said Project Report dated July 1995 and prepared by H Parikh Consulting Engineers...

The aforesaid benefits of the Project are proposed to be extended to all the slums except those situated on lands which are required for public purpose by the Corporation. With a view to provide these services in the slums and chawls situated on private lands, an
