

has submitted proposal for strengthening of IDP, car nicobar. with an outlay of Rs. 7.14 lakhs to be included in the Annual Plan 1996-97 of sector Welfare of SC, ST and OBCs.

It may be mentioned that we have already submitted our proposal to the secretary planning for the year 1996-97.

Submitted PL.

14/12

A.O (RW)

A.O (C)

May kindly peruse the office note from para 15 to 18/N above. This is regarding formulation of schemes under Special Central Assistance for the Annual Tribal sub-plan 1996-97.

There is already a scheme viz. supply of house building materials under SCA included under the annual Tribal Sub-plan 1995-96. The Scheme relating to (b) supply of Aluminium sheet and (c) supply of Cement proposed for the annual TSP 1996-97 can be combined with the existing scheme of supply of building materials and continued during the year 1996-97 since the aluminium sheet for roofing and the cement are covered under the scope of the scheme.

Further, the Deputy Commissioner (Nicobar) has proposed three new schemes viz (d) supply of small electric water pump for pumping water from wells with an outlay of Rs.0.70 lakh (e) supply of 500 litres syntex tank with an outlay of Rs.0.60 lakhs and (g) supply tarpauline with an outlay of Rs.0.30 lakhs. As may be observed from the write-up of the schemes of water pump and tarpauline, the objective of these schemes is to assist tribals to pump water from wells for gardening and make better quality of copra while the objective of the scheme of supply of Syntex is to provide safe drinking water to tribals.

Instead of two schemes, we may have one scheme under the title 'supply of Agricultural implements' under which the provision for supply of small electric water
