No.From pre-page

have been recorded by the Study Group in their report from pages 117/c to 122/c). And that's all.

From the aforesaid as well as careful reading of the entire report pertaining to the Car Nicobar visit(Pages 116/c to 122/c), it would be observed that the Committee has nowhere given its recommendations on any point whatsoever; they have simply recorded in their report the demands raised by the Village Captains, the officials of the Administration and the replies of the Administration to the list of points received from the Lok Sabha Secretariat. It is, therefore, submitted for orders of the Secretary(TW)/Chief Secretary as to whether any action is called for on our part particularly in view of the fact that in the covering letter i.e. the 'PUC' also, the Lok Sabha Secretariat has not asked for furnishing of any action taken report. Nevertheless, the various points raised by the Village Captains were forwarded to the concerned departments of A&N Administration for their comments which have been compiled and are placed below(Flag 'A').

Submitted for kind consideration and orders please.
