The names received from S.W. St Island and S.W. D/creek, recommending the tribals for Bharat Darshan Tour, are of males only. Though only one person each from St Island and Dugong Creek has been asked for, we may request Director IPET to take two person each, so that they may not feel out of place in the mainland. If it is not possible to accommodate all the four persons, then two persons from Strait Island can be taken next year and this year two Onges may be sent.
