

33. The Director (IPT) projected a higher level of power requirement during the festival period. The Executive Engineer(Electricity) told that standby DG set would be made available during the Festival days. The EE assured that like previous year, the Electricity Department would arrange and provide attractive imagery display.

(Action- SE(E))

34. The Director Health Services would provide suitable health cover for the visitors at the Festival site. The stalls would be erected and maintained hygienically.

(Action-DHS)

35. Special ferry boats/buses would be required for the viewers, which would be arrange during the Festival days by Shipping/Transport Department.

(Action-DSS/DT)

The meeting ended with a vote of thanks to the chair.

Director (IPT)

1-180/96/TSM
